WELCOME

Five years of connecting the global jewellery industry in the heart of Dubai

Welcome to Jewellery, Gem & Technology in Dubai (JGTD)!

We are delighted to celebrate our fifth edition with you – a milestone that represents far more than a number. What makes this achievement truly significant is the community that has grown with us. The exhibitors, buyers and partners who return year after year have made JGTD the Middle East's No.1 B2B jewellery buying destination. Thank you for showing up, doing business and bringing the energy that continues to drive this event forward.

From 27 – 29 October, the Dubai Exhibition Centre becomes the region's premier jewellery marketplace. Around 300 exhibitors from 21 countries and regions will meet buyers from more than 100 markets. This is where partnerships form, trade takes place and the jewellery value chain converges in one space.

Now, let me express our gratitude – to the city that hosts us and the teams who make this event possible.

To Dubai, we are grateful to call you home. Your strategic position at the crossroads of international trade, world-class infrastructure and reputation as a leading jewellery sourcing centre make you the ideal setting for an event of this scale.

To the Italian Exhibition Group SpA (IEG), thank you for believing in this vision from the start. You helped us turn an idea into reality, and we could not have asked for better collaborators.

To DMCC (Dubai Multi Commodities Centre) and Dubai Jewellery Group, your continued partnership fuels real growth and innovation across our sector.

And to our exhibitors and the jewellery community worldwide, you are the heart of JGTD. Your trust, your presence, your commitment – that is the foundation of everything we build here.

Over the next three days, make the most of every moment. Browse pavilions presenting the best from Hong Kong, India, Italy, Thailand and Türkiye. Meet cutting-edge technology providers. Discover exceptional gemstones. Connect with world-class jewellery manufacturers. Attend expert seminars delivering actionable knowledge on the trends impacting our industry – and your bottom line.

This year, the experience extends beyond JGTD itself. We are part of the second edition of Dubai Diamond Week (26 – 29 October), which opens with the seventh Dubai Diamond Conference organised by DMCC. It is a strategic pairing that takes you from high-level discussions on the future of natural diamonds straight to live commerce on the show floor, where ideas become action and insight turns into opportunity.

Throughout the week and across JGTD, explore, connect, build partnerships – and leave with more than you came for. Let's make it happen. See you on the show floor!

A Global Hub for Jewellery Innovation and Business Growth

It is a pleasure to welcome you to the fifth edition of Jewellery, Gem & Technology in Dubai (JGTD).

In just a few years, JGTD has established itself as a meeting point for businesses from across the jewellery value chain, connecting exhibitors, buyers and industry professionals from established and emerging markets and reflecting the confidence of the international community that has grown around it.

In a business environment shaped by evolving markets and new challenges, trusted platforms for business, dialogue and knowledge are more important than ever. Dubai is ideally positioned to fulfil this role, bridging markets, cultures and business communities at the crossroads of global trade. JGTD builds on this unique position, bringing the international jewellery community together in one of the world's most dynamic trading hubs.

The continued support of DMCC as Official Partner and Dubai Jewellery Group as Industry Partner is an important part of this journey, further strengthened this year through Dubai Diamond Week, organised by DMCC, with JGTD contributing to bringing sourcing, business, market intelligence and industry dialogue together in one dynamic platform.

For Italian Exhibition Group, JGTD is an important part of our commitment to the international development of the industry. Together with our partner Informa Markets, we are helping to create an environment where companies can access new markets, strengthen relationships and build lasting business opportunities. The international reach of the show reflects the strength of this shared vision.

But ultimately, the strength of JGTD lies in the people who come together here: exhibitors bringing expertise and innovation, buyers looking for new opportunities, and industry professionals sharing ideas and building relationships. These connections are the real engine of our industry.

I would like to thank all our partners, exhibitors, buyers and industry professionals for their continued trust and participation. Your engagement gives JGTD its international character and creates the conditions for new connections, ideas and opportunities to emerge.

We look forward to an edition where conversations open doors, ideas become partnerships and new connections turn into lasting business.

I wish you all a successful, productive and inspiring edition.

Corrado Peraboni, CEO Italian Exhibition Group

DMCC

WELCOME

Distinguished guests, partners, and friends,

Welcome to Dubai, and welcome to the fifth edition of Jewellery, Gem & Technology in Dubai at the Dubai Exhibition Centre.

To those returning, welcome back. To those here for the first time, I hope these days mark the start of lasting relationships.

JGTD brings together the people who turn extraordinary materials into exceptional products: jewellers, designers, manufacturers, traders, producers, miners, gemstone specialists, and technology providers. This year it is a cornerstone of the second Dubai Diamond Week, alongside the seventh Dubai Diamond Conference, so that the opportunities of today and the conversations that will shape our future sit side by side.

I know this is a demanding time. Many of you are managing tighter margins, more cautious consumers, higher costs, and harder access to finance, while geopolitical uncertainty continues to disrupt global trade. Many of you have also travelled a long way to be here. Thank you for the trust you place in Dubai.

Our role is to be a dependable place to trade through that uncertainty, and the results show it. Diamond trade through Dubai reached a record USD 41.7 billion in 2025. Coloured gemstone trade reached an all-time high of USD 1.1 billion, up 48 per cent, which shows how far this marketplace extends beyond diamonds. The UAE has been the world's leading rough diamond trading hub since 2021.

DMCC is home to more than 1,365 diamond and precious stones companies, and the Dubai Diamond Exchange, the world's largest diamond tender facility, hosted more than 100 tenders and auctions in 2025. Miners, manufacturers, traders, financiers, technology companies, and retailers all operate here, side by side. These figures are a testament to the ecosystem we have built together.

Scale alone does not sustain a trade, however. Trust does. Buyers need confidence in what a stone is, how it is described, and where it comes from. That is why the UAE's leadership of the Kimberley Process, as Chair in 2016 and 2024 and Custodian Chair in 2025, matters to us, and why we support clear, credible differentiation between natural and lab-grown diamonds, so that every customer can make an informed choice.

A healthy trade also needs strong financial foundations. Access to finance, including through DMCC FinX, is essential to the manufacturers, traders, and family businesses who keep this industry moving.

Technology has earned its place in our title. From design and manufacturing tools to artificial intelligence,

authentication, and digital traceability, the innovations on show here can make trade more efficient, more transparent, and more secure, while protecting the craftsmanship that gives jewellery its meaning.

I would like to recognise the Dubai Gold and Jewellery Group and our Italian partners, including Italian Exhibition Group and the Italian jewellery community, whose presence reflects the strength of the relationship between our two trading cultures.

I also want to speak directly to the young diamondaires with us today. You are already shaping this industry, not waiting to inherit it. Three priorities stand out: access to finance on fair terms so you can build your businesses, verifiable provenance so you can tell customers a story they can trust, and real pathways to leadership through mentorship and a voice at the table. You also bring two things this industry needs: digital fluency, from online sales to traceability tools, and a fresh way of speaking to consumers of your own generation about rarity, craft, and origin. Our progress must create lasting opportunities for you, for mining communities, and for the cutters, polishers, and craftspeople behind every stone.

My thanks to Informa Markets and Italian Exhibition Group for their continued partnership, to Dubai Jewellery Group for its industry support, and to every exhibitor, buyer, and guest joining us.

I wish you a highly successful and productive JGTD 2026, with valuable discoveries, strong partnerships, and relationships that endure.

Welcome to Dubai.

Ahmed Bin Sulayem

Executive Chairman and Chief Executive Officer, DMCC

DUBAI, THE CITY OF GOLD & JEWELLERY DESTINATION OF THE WORLD

Since 1996, Dubai Jewellery Group, the largest trade body for the Jewellery industry in Dubai, has been building consumer confidence, promoting the interest of the industry and cementing the image of Dubai as the premier Jewellery destination of the world.

مجموعة دبي للمجوهرات
Dubai Jewellery Group

DUBAI

the City of Gold and
Jewellery Destination
of the World!

On behalf of the Dubai Jewellery Group, I congratulate the organisers on this year's edition of Jewellery, Gem & Technology in Dubai (JGTD). Each edition of this show reaffirms Dubai's position as the City of Gold and a true meeting point for our global industry.

With gold prices highly volatile and other global and regional challenges to navigate, we recognise that our sector's next phase of growth will not come from any one company or market working in isolation. It will come from collaboration by manufacturers, traders, retail players, gemstone sources and technology providers choosing to work together rather than compete alone. Platforms like JGTD make that possible, bringing our industry face to face with new suppliers, new buyers and new markets that would otherwise take years of individual effort to reach.

I encourage every exhibitor and visitor at this year's show to look beyond the stand in front of them and see JGTD for what it truly offers a shared opportunity. The connections made here, across borders, specialisations and generations of the trade, are what will keep this industry ahead.

My congratulations again to the JGTD team on a well-run event, and my best wishes to all exhibitors and visitors for a productive and successful show.

Tawhid Abdulla

Tawhid Abdulla – Chairman, Dubai Jewellery Group

WELCOME TO DUBAI

Dubai brings together over 200 nationalities in one extraordinary city. Here, cultures meet, creativity flows and the impossible becomes routine. Whether you are gazing up at the Burj Khalifa or wandering along Dubai Creek, you will find a city that honours its heritage while racing boldly into the future.

EXTEND YOUR JOURNEY

Why rush home when there's so much to discover? Dubai offers world-class experiences for every interest. Enjoy thrilling desert adventures, wander through traditional souks or unwind on a sunset dhow cruise. Stay a few extra days after JGTD and see what the city has to offer.

SHOW INFO

27 — 29 October 2026 (Tuesday – Thursday)
North Halls N21 & N23, Dubai Exhibition Centre (DEC), Expo City

OPENING HOURS FOR VISITORS: 10 a.m. – 6 p.m.*

* Onsite visitor registration counters close 30 minutes before the fair ends each day

ADMISSION DETAILS

- The fair is open to jewellery trade professionals and invited visitors aged 16 or above.
- Emirates ID / Passport numbers and documents of visitors to jewellery events will be scanned for the prevention and detection of crime, and to protect the security and safety of the jewellery events.
- Visitors must comply with the Visitors' Rules & Regulations.
- The Organiser reserves the rights to not issue admission badges, to refuse admission and forfeit the admission badges.

ONSITE SECURITY MEASURES

To comply with the security requirements of the local authority, all attendees are subjected to random checks by the local police to verify the identity of the badge carrier. Attendees may be requested to present a valid photo identity document for on-site identity verification and attendees may be requested to conduct X-ray bag scan and metal detector scan before entering the halls. We need your full support to maintain a business-friendly environment in the fair. Your cooperation is highly appreciated.

SUSTAINABILITY

We know that sustainability is increasingly important to our attendees and exhibitors, and the market as a whole. Our events give us opportunities to continuously improve our impacts environmentally, socially and economically in our host cities.

For more information, please visit:
www.jgtdubaijewelleryshow.com/en/sustainability

EVENT CODE OF CONDUCT

Our Event Code of Conduct focuses on creating an environment where everyone who comes to our events has a great experience.
