WELCOME

Building resilience,
celebrating excellence.

On behalf of Informa Markets Jewellery and our show co-organiser, the Italian Exhibition Group (IEG), welcome to the industry's highly anticipated B2B sourcing fair of the season – Jewellery, Gem & Technology in Dubai (JGTD)!

It's wonderful to see all of you here as we mark the second edition of one of our industry's most compelling jewellery marketplaces. Building on the success of our event's maiden edition, JGTD is back with more world-class exhibitors, impressive product showcases and a "Celebration of Excellence" stage where we will recognise the amazing achievements of individuals and enterprises who represent the very best in our community – our JWA Dubai Special Edition Honourees! Designed around the show theme, "The Centre of Business," and positioned as "the B2B fair to expand international business into new markets," JGTD is unveiling the latest offerings of major suppliers from 20+ countries and regions, representing a 46% growth in net exhibition space compared with the 2022 inaugural show.

Through our collective efforts with our Partners – DMCC (Dubai Multi Commodities Centre) and the Dubai Gold and Jewellery Group (DGJG) – and the support of the Government of Dubai, we have created a marketplace where you can discover for yourselves why JGTD is your sourcing destination of choice.

However, JGTD is more than a trade show.

This year, we are celebrating innovation, inclusivity, sustainability, social partnerships and business excellence by paying tribute to the four Honourees of JWA Dubai – a regional edition of one of the most prestigious awards given in the industry – the Jewellery World Awards (JWA). Recognising the successes of innovative enterprises and individuals has been central to the Awards since its inception in 2012, and this has never been more important than today. In addition to an Awards Presentation Ceremony, JGTD is also hosting a panel discussion, "Inspired Leadership In A Post-Pandemic World," where JWA Dubai Honourees will share powerful lessons in business and in life that helped their organisations survive the pandemic, prepare for recovery and build resilience for the next disruption.

Finally, we want to take this time to express gratitude to all our exhibitors, visitors, partners, suppliers and staff for the trust they have bestowed upon us. Their support is critical to the continued success of JGTD.

Thank you once again for sharing your passion and love for our unique industry here at JGTD. I wish you all a most rewarding, successful and enjoyable sourcing experience!

David Bondi, Senior Vice President of Asia, Informa Markets

Expanding Jewellery Business Opportunities

After the success of the first edition, the spotlight is once again on Jewellery Gem & Technology in Dubai, the international business event for the gold and jewellery community, generated from the synergy between Italian Exhibition Group and Informa Markets Jewellery, together with the expertise of partners DMCC - Dubai Multi Commodities Centre and Dubai Gold and Jewellery Group, and the support of the Government of Dubai.

The show is back this year at the Dubai World Trade Centre (DWTC) with an even more abundant offer. An achievement that contributes to making Dubai one of the nerve centres for the global jewellery industry. JGTD aims to expand the international jewellery business into new markets and to become the meeting point par excellence between the customer, the product and the set of values that jewellery brings with it, thus guaranteeing the offer and skills to respond to the latest global demand. This second edition is welcoming thousands of wholesalers, importers, distributors, manufacturers and retailers from the Middle East, Central and South Asia, Africa and Eastern Europe, all coming from that potential market basin of four billion people that can be reached within a seven-hour flight.

Italian Exhibition Group's (IEG) commitment as Europe's leading trade show operator for B2B gold and jewellery events, is to offer increasingly qualified business development opportunities with an ever-greater differentiated and international proposal. And we are honoured to have JGTD in our exhibition portfolio, providing the market with an international event focused on development, technology and innovation.

The first business show of its kind in 2023, JGTD intercepts the momentum of an industry that has been able to react with dynamism after three years of uncertainty by positioning itself as the ideal place for business for leading companies all along the supply chain: from finished jewellery to precious stones, tools, services and jewellery technology. For this latter segment, IEG shares the expertise achieved over the years with T.Gold, the international exhibition for machinery and cutting-edge innovation for jewellery design and production processes.

Adding to the excitement is the inclusion, at the opening of the event, of the JWA Dubai presentation ceremony, one of the Middle East's most prestigious annual celebrations for the jewellery and gemstone industry.

This year's JGTD will once again be an unmissable and innovative event for all those involved in the jewellery trade, a time when we look to the future together.

Many thanks to the companies and operators in attendance, the associations involved, local and international institutions, the media and the extraordinary partners of this show. We wish everyone a successful trade show.

WELCOME

Connecting key industry stakeholders worldwide

I am delighted to welcome you all to the 2023 edition of Jewellery, Gem & Technology in Dubai.

JGTD is one of the signature events in the global jewellery and gem sector calendar. And there is no better time than now for such a dialogue to take place.

Last year was another record-breaking year for Dubai and the UAE. In our position as the leading global hub for precious stones and precious metals, we are now the number one rough diamond trading hub in the world, well on our way to taking the number one spot for rough and polished combined, while we are making significant strides in other categories like coloured gemstones. And of course, as the world's "city of gold," gold remains one of the most important commodities for Dubai and DMCC.

Dubai has truly become a global focal point for both the precious stones and precious metals industries.

Building on this position of strength, we are continuously looking for ways in which we can create new opportunities, build trade and business interconnectivity. Through crucial and timely events such as JGTD, as well as our own Dubai Precious Metals Conference, we will continue to stimulate much-needed dialogue and position Dubai as the global leader in trade of these precious commodities.

As the only B2B jewellery trade show in the region – and going off the overwhelming success of the inaugural event last year – JGTD is supporting the growth and development of the global gold and diamond industries, while also strengthening the position of Dubai at its core.

JGTD 2023 will connect key industry stakeholders from across the globe to unlock the full potential of the global gem and jewellery market, particularly as the world faces ongoing economic uncertainty and trade disruption.

At DMCC, we are incredibly proud to be associated with such an important trade show.

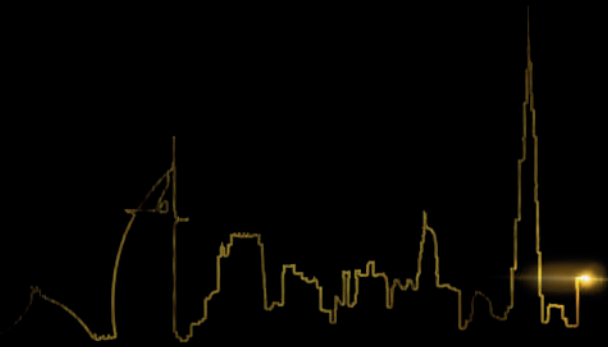

From partners to valued guests, colleagues and friends, thank you all for being here and for making JGTD a success.

Ahmed Bin Sulayem
Executive Chairman and Chief Executive Officer, DMCC

DUBAI, THE CITY OF GOLD & JEWELLERY DESTINATION OF THE WORLD

Since 1996, Dubai Jewellery Group, the largest trade body for the Jewellery industry in Dubai, has been building consumer confidence, promoting the interest of the industry and cementing the image of Dubai as the premier Jewellery destination of the world.

مجموعة دبي للمجوهرات
Dubai Jewellery Group

DUBAI

the City of Gold and Jewellery Destination of the World!

Following the very successful inaugural edition of Jewellery, Gem & Technology in Dubai (JGTD), we are delighted to see JGTD on a bigger and better canvas this year. We believe that a jewellery exhibition of this scale will unlock the full potential of jewellery businesses in the Middle East and neighbouring markets. We await to see new participants, and new and repeat buyers from promising markets at the show this year.

As the jewellery trading hub of the Middle East, Dubai is the most suitable city to host a jewellery event of this stature. We believe that the presence and growth of JGTD will further establish Dubai's position as the 'Jewellery Destination of the World.' On behalf of the jewellery industry of Dubai, I thank the team of JGTD and DMCC for their commitment and determination to make this exhibition a continuing success story for the jewellery sector.

We anticipate the involvement of local jewellers more than ever in this year's edition. We are hopeful that JGTD will establish itself as one of the leading jewellery trade shows in the world in the coming years. Our aspiration is to see buyers and participants from all around the world looking forward to JGTD every year.

From Consumer Culture to new Market Opportunities

Ms. Paola De Luca, Creative Director and Founder of Trendvision Jewellery + Forecasting

ADMISSION DETAILS

- This is a trade fair open to visitors aged 18 or above.
- Emirates ID / national passport is required for visitor registration for the prevention of crime and the security and safety of the jewellery event.
- To comply with the security requirements of local authorities, attendees may be requested to submit their personal items for an X-ray screening and undergo a metal detector scan before entering the halls.
- The Organiser reserves the right to not issue the admission badge, to refuse admission and to cancel the admission badge.

SUSTAINABILITY

We know that sustainability is increasingly important to our attendees and exhibitors, and the market as a whole. Our events give us opportunities to continuously improve our impacts environmentally, socially and economically in our host cities.

For more information, please visit:

www.jgtdubaijewelleryshow.com/the-event/sustainability

ON-SITE PREVENTION MEASURES

With our community's safety in mind, we are implementing enhanced safety measures at all of our physical events.
